CHRONIC HONESTY

Jim Webster is one of the most upright negroes in Austin, and yet he is peculiar. Not long since he brought a large package of coffee to the store of a white neighbor and said:

"I bought this coffee at the store of Mr. Hotchkiss, and I know he has cheated me out of a whole pound in de weight. I jes kin feel the lightness. Dar should be ten pounds, an' I jes sho dar's not more than eight pounds. He fix'd his scales to cheat poor culled folks what hain't got no sense."

The white neighbor took the package, and after weighing it carefully on his scales said:

"You are mistaken, Jim. He has given you a pound and a half too much. There are eleven and a half pounds in the package instead of ten."

"Yer don't say so, boss. I was an sartin dat he was gibben me light weight dat unbeknownst to him, jes to get eben. I lifted off the shelf a pair ob five boots, wuff six dollars, to balance the account."

"Well, now you see that he hasn't cheated you, I suppose you will do what is right."

"You bet I will boss. I jes gwine right back ter dat store ter do what am right."

"Are you going to return the boots?"

"No, boss; I can't afford to make any such sacrifices as dat. I jes a poor nigger, if I is honest. I can't afford to make anybody a present of such a high-priced pair ob boots; but I'm gwine to git him back dat extra pound and a half of coffee. I admire liberality, I does, and from now on I jes gwine to do all my tradin' with him, now dat he has worked himself into my confidence. He shan't lose nuthin' by my honesty if I kin help it."

Valuable Information.

A few drops of carboic acid in a pint of water will clean house plants of lice in a very short time. If mosquitoes or other blood-suckers infest your rooms at night, unhook a bottle of penny royal, and these insects leave in great haste, nor will they return so long as the air in the room is loaded with the fumes of that aromatic herb.

CAMPAIGN BUREAUS.

In the work of fighting a political battle no one's burden is so heavy as that of the newspapers except that borne by the candidates themselves. Of the immense sums spent for legitimate expenses by every party a comparatively small portion goes to the press, and yet the papers fill their columns six times a week with strictly party matter, and exert all their influence, built up by years of labor and the use of thousands of dollars of capital. In doing so, too, they arouse opposition and endanger their prosperity. They are forced to use constant vigilance and fight off all sorts of attacks made to break the force of their fight by weakening their influence. Among their business patrons will be candidates from other parties whom they are expected to fight and whose patronage they are almost sure to lose. All this is money out of pocket to the newspaper men, and yet they are criticized if they do not manifest an unwavering zeal and desperate disregard to all but partisan considerations. Two years ago the GAZETTE inadvertently said that we were sure of having a gentleman in the State Senate from Washoe because Dr. Dawson and Mr. Schooling were square men. No one ever hinted that we were not doing honest and effective work for the principles we hold, but the next day Dr. Dawson asked what kind of a paper we were running. Even the idea of one allowing for a moment that the Democratic candidate was not a bad man was party treason. This shows the spirit in which papers are treated. If a lawyer goes out to speak he is well paid for it, and he may expect from \$20 to \$100 for a 30 minutes' talk, but the newspapers fire off a thousand speeches, publish a column ad, endanger their property and disarrange their business, and their bills are cut down one half or more. The papers are fools to stand it. They ought to let one campaign run without saying politics at all, if there is no great principle at stake. The candidates throw up twenty-dollar pieces in the saloons all over the State with the idea that they will receive some benefit from it. If they receive benefit from the newspapers they ought to be equally willing to divide the benefits with the men who do the work and invest the capital. We throw out these suggestions in a general manner, and without any desire to encourage mercenary principles, but simply on the divine proposition that "the laborer is worthy of his hire."

THE PLATFORM.

The Republican party will not die until the tariff question, the railroad question, and the financial question are settled. When the National debt is paid, a new system of paper money will be necessary. The Republican party is the only one that shows the character and capacity to handle great affairs, and it will not have finished its work until these matters are arranged. The platform of the party in Nevada is at once dignified and emphatic. It is strong in its endorsement of the great principles that have been found necessary to the prosperity and development of this country and the character of the party is proof that it will be honestly carried out. The party is really stronger than the platform, and the promise made to-day will ripen into performance in actual administration.

The withdrawal of Governor Kinkead from the gubernatorial contest was as great a triumph for the people of Nevada as the defeat of Grant was for the nation, over the political rings. They have been at work day and night, tooth and nail for months, but the sentiment of the masses made itself felt, as it almost always does in the Republican party.

Hon. Wm. Woodburn received a telegram this afternoon from Eureka saying that the Canavan had withdrawn from the gubernatorial contest in favor of Marye.

ANGORA GOAT BUSINESS.

An Enterprise that is Successful and Remunerative.
 The Battle Mountain Messenger says C. P. Bailey, President of the Angora Robe and Glove Co. of San Jose, Cal., Col. Richard Peters of Atlanta, Ga., and Colonel Robert Scott of Frankfort, Ky., may rightly claim to be the goat kings of America. At Mr. Bailey's ranch, near Little Humboldt, Nevada, he keeps a herd of 5,000 Angora goats. Last year he shipped East about 10,000 pounds of mohair, receiving for it from 50 to 60 cents per pound, and could have disposed of ten times that quantity. He has also sold in the past two years nearly \$30,000 worth of goats in the Sandwich Islands, Texas and Wyoming. Mr. Bailey is justly proud of his success in breeding the Angora, and says that there are hundreds of localities in Nevada and adjoining territories adapted to the business.

A Plumas Sheep-herder Killed.
 The Bodie Free Press of last Saturday says: Word was received here Friday that a sheep herder named John Moore was killed by a snow-slide at the head of Virginia creek. It appears that Moore was up in the mountains hunting a deer, and was coming down a deep and narrow canyon when an immense slide of snow overtook him and buried him. He managed to creep to the surface, but he was so injured internally that death ensued in two hours thereafter. A companion found the body and buried it. The deceased resided in Plumas county, where he has a mother and two sisters.

Reno's Democracy.
 Reno's delegation to the Democratic Convention at Eureka left here in big style this morning, and it was the most respectable squad of untried Democrats ever seen at the depot. Most of them had span clean ulsters on, and were really quite presentable. The delegation was composed of Wm. Webster, Al. White, W. F. Berry, Captain Griffin, P. J. Kelly, John Sunderland and G. W. Haffaker. Mr. Webster carried the proxy of Theodore Winters. They will whop up things in Smoky Hollow, and convince the Base Rangers that their town is too far from Reno to ever amount to much.

For Commissioner.
 G. W. J. Wilson's name will be presented to the Republican County Convention for long term Commissioner. Every man in the county knows George, and his name will add strength to the ticket. Mr. Wilson understands the needs of the county and will, if nominated and elected, make a first-class Commissioner.

 Look out for Geo. E. Perkins' new advertisement. He has a large stock of groceries and will make a proclamation to morrow.

 The number of engines now en route for Suez and Port Said bring up the total to nine, which will be sufficient for transportation purposes.

The English horses are holding out well. The worst of the hot weather seems to be over. It is stated that General Wolesey is in high spirits and confident of success. It will be considered almost miraculous if Arabi Pasha succeeds in holding Tel-el-Kebir.

ALEXANDRIA, September 5.
 The Egyptian court-martial continues to extract evidence or confessions from prisoners by torture. Three thousand rifles and 6,000 bludgeons were discovered Monday in a mosque. The finding of the weapons causes uneasiness.

ALEXANDRIA, Sept. 5.
 Mahmoud Fehmy has written a report, addressed to the Khedive, with plans revealing the positions and strength of the enemy. A translation will be sent to Gen. Wolesey.

Railroad Disaster in Germany.

BERLIN, Sept. 4.
 The train wrecked near Hagstetten was a special Sunday excursion train. Some of the suffering survivors were taken to the university buildings at Freiburg and carefully attended. Some of the dead were mutilated beyond recognition. It appears that the train was overtaken by a heavy storm of wind and rain. One account ascribes the disaster to the washing away of an embankment by an over-swollen brook.

PARIS, September 5.
 The train wrecked was made up of 24 cars, and 19 coaches were smashed to pieces or shot down an embankment into a swamp, where their weight caused them to sink. The number of persons smothered in the deep mud of the swamp is not ascertained.

The Dublin Police.

DUBLIN, September 5.
 The Lord-Lieutenant in his reply to the dismissed policemen says he has directed careful inquiry to be made into the conduct and previous character of the memorialists. He will himself personally review the result of the inquiry, and promises those shall be reinstated who appear deserving. The answer has given great satisfaction. It is officially denied that men have returned to duty in consequence of a tacit understanding. On the contrary, they were informed Saturday that they would be dismissed if they did not return to duty.

EASTERN DISPATCHES.

The Yellow Fever.
 MATAMORAS, September 4.
 The yellow fever epidemic is decreasing. There are not more than 125 cases in the city, and in the last two days not more than 15 new cases were reported. Seven deaths occurred to-day. The number of deaths during the week ending yesterday was 36.

BROWNVILLE, September 5.
 The epidemic is still raging. During the 24 hours which ended yesterday morning there were seven new cases and four deaths; at 10 o'clock there were 78 new cases and four deaths. Some 200 cases are reported in San Bernardino.

GALVESTON, Texas, Sept. 5.
 Governor Roberts has issued the following appeal: To County Judges and Mayors of cities and towns of Texas:—I have received a telegram from the Mayor of Brownsville, stating that there are many cases of yellow fever in that city, which will increase from 70 to 100 per day, and that the necessity for means to aid the sick and destitute is increasing. Any funds that have been or may be contributed for the suffering people of Brownsville can be sent to Ball, Hutchins & Co., Galveston, Texas, and can be immediately drawn on by wire by Thomas Carson, Mayor, to be properly expended.

Ingersoll Defending Dorsey.

WASHINGTON, Sept. 5.
 Col. Ingersoll began a star-route argument for Dorsey this morning, saying he opposed official corruption as much as any man, and that one untrue to an official oath ought to be punished, and that there was no excuse for dishonesty in a public man. The jury had been told that the people were demoralized, and that to stem the tide of dishonesty the innocent must be made an example of. He held that the country was not demoralized. He asked no mercy, only an honest verdict according to the evidence. Whoever

found otherwise, to be in accord with the Government, was bribed. Whoever for reputation, or fear, or at the public demand, or from malice, or prejudice, found otherwise was bribed. He then argued that the covert acts charged must be proved exactly as alleged.

Campaign Funds Wanted.
 NEW YORK, September 5.
 General Rosecrans uttered the word "booh!" in one of the Fifth Avenue parlors when he had finished reading a certain paragraph which appeared in one of the papers this morning. The item in question was to the effect that several members of the Democratic Congressional Committee held a meeting last evening for the purpose of devising means for raising money to carry the Democratic party through successfully, in the Congressional contests in Maine and several other States. The General would, however, not deny that some sort of a meeting between himself, Senator Gorman and others of the committee has been held. He would not say anything more about the conference than that it concerned Maine.

A Murderer Approached—Three Men With Their Throats Cut.
 JAMESTOWN, D. T., Sept. 5.
 Lynch, alias McCarty, who seven years ago murdered Angus McNeil of Plymouth, Indiana, has been delivered to the sheriff.

A coroner's jury at Mt. Pulasky, Ill., yesterday found that three men, found by their throats cut there recently, came to their death by the hands of unknown parties. There seems to be no clue to the murderers.

The Arkansas Election.

LITTLE ROCK, Sept. 4.
 The election passed off quietly in all portions of the State heard from, dispatches showing an unusually large vote. The Democratic State ticket is evidently elected by about the usual majority. Indications point to a slight increase in the Republican and Green-back membership of the Legislature. Prohibition figured prominently in a number of counties on legislative and judicial tickets.

A Railroad Completed.
 NEW YORK, Sept. 4.
 The New York, Chicago and St. Louis road has been formally announced as completed and turned over to the company by the contractors. It is thought the threatened war on rates will be avoided by admitting it to the pool with a good percentage of traffic.

Nomination—Orne's Movement.

DETROIT, September 5.

The Marquis of Lorne and party left Niagara Falls this afternoon for Detroit, and will reach Chicago tomorrow morning.

WESTERN TELEGRAMS.

A Break in Stocks.
 SAN FRANCISCO, September 5.
 The stock market broke fearfully this morning. Everybody was trying to sell, and the panic was complete. After the first call there was a reaction in the case of Potosi, Norcross, Curry and Best & Belcher, but the rest of the list was practically unchanged. At the 11 o'clock session business was fair and middle stocks steady. After the Board the market dropped again.

Oregon Casualties.

PORTLAND, Or., September 5.

THE CONVENTION.

A GOOD PLATFORM AND EXCELLENT TICKET.

Strother Nominated for Governor, Powning for Congress, Leonard for Judge, Bicknell for Clerk, Dormer for Secretary of State, Halleck for Controller, Tully for Treasurer and Davenport for Attorney-General.

The convention was called to order promptly by the Chairman, Hon. W. W. Bishop. The Committee on Platform reported as follows: Upon the reading of the second resolution, Mr. Bender moved that the vote be taken by delegates rising to their feet.

To the Chairman and Members of the Republican State Convention of Nevada: Your Committee on Platform and Resolutions respectfully submit the following:

Resolved, That the honor and glory of the Republic, its continued peace, prosperity and progress will be best served by the perpetuation and continued success of the Republican party. We declare our fidelity to its principles as expressed in the Chicago platform of 1880, and as further embodied in its great history from its organization to the present time.

Resolved, That in the tragic death of President Garfield our country has suffered a deplorable loss, and the Republican party mourns for one who consecrated a noble and heroic life to the vindication of its great purposes.

Resolved, That we have faith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

Resolved, That the presence in our midst of a servile race of aliens, incapable of assimilation with our institutions, is a perpetual menace to all classes of society. The relief extended to our people by the passage of a law excluding the Chinese by a Republican Congress and approved by a Republican President is a genuine cause of satisfaction. We are in favor of strenuously enforcing the provisions of said law, and we pledge the Republican party to labor now and henceforth to secure such further legislation as will permanently exclude the Chinese.

Resolved, That we recognize the paramount importance of maintaining and improving the free public school system of the State. We shall defend it against sectarian, political or other improper influences, and we favor such additional legislation as the condition and wants of the common schools of the State may require. As free institutions they should be so conducted as to satisfy poor and rich alike, and upon this principle we urge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

Resolved, That owing to the remote position of Nevada from the seaboard and the entire absence of navigable waters and competing lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopolies.

Resolved, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and all other corporations doing business in this State the same protection and the same rights before the law as are accorded to individuals—no more and no less.

Various offered an amendment to this resolution, to be added as follows:

And further that the Republican party favors and demands at the hands of the State Legislature legislation regulating and equalizing freights and fares on all railroads within this State.

Resolved, That we are in favor of the Government of the United States establishing a postal telegraph service, and operating the same in connection with the Postoffice Department.

Resolved, That the coinage of silver should be placed upon the same basis as that of gold, and we invoke early Congressional legislation to that end.

Resolved, That it is the duty of the Legislature to enact such laws as will result in the purification of the jury box and better promote the administration of justice.

Resolved, That it is the duty of the next Legislature to pass such laws as shall reduce the expenses of the State and county governments to the lowest possible limit consistent with the requirements of the public service.

Resolved, That the earnest attention of Congress and the State Legislature is directed to the subject of codifying the laws relating to the location and working of mineral lands to the end that legitimate prospecting and the development of our chief source of wealth may be best promoted.

Resolved, That the appropriation by a Republican Congress for the payment of pensions to invalid Union soldiers and to the veterans of the Mexican war is the discharge of a debt of honor and law—a generous remembrance of our country's defenders in its supreme hour of peril.

Mr. Foley moved the adoption of the following resolution:

Resolved, That in the judgment of this Convention the Legislature, when next convened, should make the necessary provisions for a convention to revise the entire constitution of this State. That in providing for such convention, well guarded restrictions should be made, defining the number of delegates, their compensation, and fixing the duration of its session. That we believe such Convention is imperatively demanded by the urgent necessities of the times, and among others for the following cogent reasons: First—to so change the fundamental law as to secure, as nearly as may be, the equal and uniform taxation of all property subjected thereto. Second—to regulate and render equal and just to all the rates of pas-

sage and freight upon all railroads doing business in this State, to the end that our leading industries may be fostered and not oppressed, built up and not overthrown, and third—to secure the reduction of the expenses of the State to the minimum by dispensing with all unnecessary officers and employees, rendering more speedy and economical the collection of public revenue, the execution of the law and the general administration of justice.

The Chairman said

NOMINATIONS FOR GOVERNOR

Were in order. J. A. Stephens said the convention had in its hands the future of the party. He said that an accidental acquisition of power had given the Democratic party the means to carry out the promises it had made for years to reduce taxation and equalize railroad charges. Upon getting elected it had given its promise—the lie. He pledged a majority of 500 in Storey county for the ticket. He wished to name for the head of the ticket a man who had lived in the State for 22 years, with a reputation without a stain and beyond reproach—Enoch Strother. If nominated and elected he will bring around him all that is honorable and intellectual in the party. C. S. Varian said that he was selected by the whole of Washoe delegation to place in nomination a man supported by no cliques or factions. No telegraph or railroad had sought his nomination. Coming here in 1850 he now came clothed in honest manhood to seek a high office in which to serve the people. He said he was aware that for two days attempts had been made to form combinations against his candidature. Whatever the result it would have no effect upon him or his friends. Born 53 years ago in the backwoods of Ohio he was not of the school. Scholarly, he had not the graces of the orator, but had forced his way to his present position by energy and character. He is a man of character, capacity and property, and the people of E. Storey Nevada as well as Storey county are calling for his nomination. He has a right to aspire. He did not ask whether a man in Carson or Virginia would appoint him, but he asked the convention if they believed Alvaro Evans to be the strongest man, they should select him to be their nominee.

R. H. Lindsay arose to second the nomination. He said that two years ago a thief in the night swooped down from his eyrie on the rocky Camstock, entered the temple of liberty and sacked it. Now an arm of this octopus was stretched out and was trying to corral the Republican party and lead it to defeat again. He said the sack was here, and he had the honor last night to be solicited by the sack to become a candidate for the office of Attorney General. He said Geo. T. Marye stepped out of Senator Fair's way and the agreement is that he is to succeed John P. Jones. It does not need a selen to see that Marye will be the Democratic nominee, and this is the stepping stone to the election of Mr. Marye to the Senatorship and the completion of the contract. He called for the selection of the Republican Broadhorns of Nevada.

Mr. Hobart said he was sorry that any gentleman should feel called upon to impugn the motives of any gentleman. Mr. Lindsay arose to a point of order and said nominations were in order and not debate. Mr. Hobart said he arose to second the nomination. He said he had nothing to say against Mr. Evans, but he pledged the vote of the Great East to Mr. Strother if nominated.

Mr. Stevens arose to reply to Mr. Lindsay, but was declared out of order.

Mr. Robinson then nominated Mr. Woodburn without any remarks.

J. B. Eckman seconded the nomination of Mr. Strother. He said his brother Col. Strother was the first to give his service to the country, and he (Eckman) went in his regiment. As a workman he seconded the nomination of Enoch Strother. Mr. Strother took the stand and was introduced by Mr. Bishop. He said: "Gentlemen, I appear before you as a candidate for the office of Governor, and if I am elected, I will assure you I will fulfill the duties of the office with honor to myself and my party. I have heard the platform read and endorse it. If any other gentleman is nominated I pledge him my support."

Mr. Evans was introduced and said he was not an educated orator, but had been a worker, and if nominated he would use his best endeavor, for the Republican party.

Mr. Woodburn was received with great applause. He said as he had no one to eulogize him he was not too modest to say a few words for himself. He had not sought the nomination, but came as a dark horse. He had not taken a part in the primaries and had not a vote from his own county. [A voice below: "Yes you have!"] He said if neither of the gentlemen named were thought to be the best man he would accept the nomination, and if nominated he would do his best to be elected. He had sprung from the pick and shovel and had never asked for a vote in convention. In Congress he had done his duty. His history for 19 years in Nevada was the only guarantee he had of character. No locomotive ever ran a foot, no telegraph ever clicked to benefit Bill Woodburn. He endorsed the platform.

The Secretary read the rules for balloting.

THE FIRST BALLOT

Stood: Evans 29, Strother 43, Woodburn 17, T. H. Rieky of Douglas county 3, Ex-Governor Blaisdell 3, J.

H. Kinkead 2. The vote by counties was: Churchill—Strother 1; Douglas—Rieky 3; Elko—Evans 8; Esmeralda—Strother 4, Blaisdell 3; Eureka—Evans 1, Strother 5, Woodburn 6; Humboldt—Evans 4; Lander—Evans 1, Woodburn 6; Lincoln—Strother 4; Lyon—Evans 1, Strother 2, Woodburn 1; Nye—Woodburn 3, Kinkead 1; Ormsby—Strother 3, Woodburn 2; Storey—Evans 7, Strother 17; Washoe—Evans 6, Strother 1, Woodburn 1; White Pine—Evans 1, Strother 3. M. J. Smith of Washoe voted for Strother, and T. N. Carey, proxy for Gregg, for Woodburn. On the second ballot Woodburn gained six, and Kinkead and Blaisdell dropped out. The third ballot stood: Evans 30, Strother 43, Woodburn 21 and Rieky 3. Evans gained C. Zeigler of Storey. The Convention adjourned, by a vote of 45 to 52.

The Convention was called to order for the fourth ballot, in which Rieky gained six from Esmeralda and five from Ormsby. Farmer Treadway got one from Ormsby. The vote stood Strother 43, Evans 23, Woodburn 16, Rieky 12, Treadway 1. Lindley, Carey, Price and Smith voted for Strother. On the fourth ballot Strother got in a break, and on the fifth after county got up and changed its vote until it became unanimous.

Mr. King moved that the Lieutenant-Governor be nominated next. His motion was carried and then reconsidered.

NOMINATIONS FOR CONGRESSMAN

Were called for. Mr. Murray of Storey said he had the name of a man who came to America an emigrant when a boy. He had entered the army a private and came out a Major-General. When Brigham Young told him not to enter the city with his troops, he sent him word that if he objected he would camp in the tabernacle that night. When the Confederate flag was hoisted at Virginia it was only the dread of General Connor at Salt Lake that prevented California and Nevada from seceding.

Mr. Wood of Humboldt seconded the nomination.

R. H. Lindsay said he admired Gen. Connor, but in the name of the great county of Washoe he wanted to place in nomination a boy, a peanut peddler, who had raised himself from the ranks to a high place in the State. Washoe county asks this convention to nominate Christopher Columbus Powning. He said, look at that magnificent building a mile away. It was wrested from California mainly by his energy. If he was in Congress Carson would not remain with empty buildings, but would have government buildings. Mr. Stevens seconded the nomination of Powning.

W. W. Hobart said if Powning was nominated he would be found one of the most efficient members. He is able, untiring and eloquent.

W. R. King said he served four years with Powning and he had found him zealous and true.

General Connor came forward. He said he thanked the Convention for his reception. He said he had been induced to allow his name to be used and if the gentlemen found a man to poll more votes than he to nominate him. He endorsed the platform and said if not nominated he would work hard for the ticket.

Powning was received with applause. He said that in addition to what kind friends had said he could only promise he would serve the State faithfully. He took up the platform and endorsed the Chinese plank and the railroad plank, and said if elected he would not sit months and introduce bills to forfeit land grants, but would call the attention of people East to the oppression of the Central Pacific railroad. The stories circulated against him among the soldiers were referred to, and he endorsed the plank in regard to pensions.

The vote stood—Powning, 67; Connor 30. Mr. Stevenson moved to make it unanimous.

Powning thanked the Convention and said that Mr. Cassidy was considered invincible, but he believed the State was Republican and he was going to wax him.

FOR SUPREME JUDGE

Mr. Woods nominated Judge O. R. Leonard and Judge McKenney nominated Judge Wells of Aurora. J. A. Stevenson of Ormsby seconded it. Judge Leonard was elected by acclamation. He endorsed the platform in a very neat and dignified speech.

S. T. Swift of Ormsby nominated C. F. Bicknell for Clerk of the Supreme Court. J. Minor Taylor and A. C. Cleveland seconded it.

He said he had not seen a lawyer, Democrat or Republican, who did not ask for his re-nomination. Mr. Wardle nominated George I. Lammon. Mr. Stephens seconded the nomination of Mr. Lammon. Bicknell got 64 votes and Lammon 33. For Secretary of State Dan. Lyons of Virginia, J. S. Shoemaker of Reno, J. M. Dormer of Candelaria and Wm. Thompson of Reno were named. Mr. Thompson withdrew his name. The vote stood: Dormer 49, Shoemaker 16, Lyon 31.

For Controller James F. Halleck was unanimously chosen.

For State Treasurer Geo. Tully of Carson was the only candidate and was nominated by acclamation.

For Attorney-General M. A. Murphy, W. M. Boardman and W. Davenport were named.

The first vote cast stood 93 votes: Boardman, 22; Murphy, 30; Davenport, 41. On the second ballot Boardman, 10; Murphy, 29; Davenport, 53. The nomination was made unanimous. At 3:30 the Convention adjourned for half an hour.

TEACHERS' INSTITUTE.

A Circular from the County School Superintendent.

M. D. Bowen, County Superintendent of Schools, has issued the following circular: A teachers' institute will be held at Reno, Washoe county, Nevada, in the new school-house, commencing October 28d, at 9 A. M., and will continue in session till the business is completed. A general invitation is extended to all teachers and lovers of education of the State of Nevada, and to the teachers of this county especially, and it is urgently requested that they should attend. The object of the institute is obvious to everyone, the necessity of which has been long felt in Washoe county. It has been shown where institutes are held that the schools are conducted more systematically, giving better satisfaction in all cases than where there are none. Teachers have more extended and comprehensive views, as each one has been benefited by the knowledge and method of the other. That your fare may be as light as possible, I have made arrangements with each railroad company for a reduction to the Virginia & Truckee one-half standard rates, and, having paid full fare to Reno, the Central Pacific will sell return tickets for one-third standard rates, thus making a two-third rate for the round trip. In conclusion I will suggest that each make some effort in the preparation of something which may be of interest to offer; then let us assemble ourselves together in pleasant council, talk sociably about school matters, exchange views, and finally adopt the best methods of teaching and of conducting our schools. And after having spent a few pleasant days in social conference, may we all return to our homes and friends benefited with the knowledge and information which we have received, to resume our daily vocation with vigor and energy.

A Farm-Hand's Complaint.

A farm-hand complained to a GAZETTE reporter this morning that in most instances the men who work out as harvesters are ill-used and compelled to endure treatment that a Chinaman won't stand, and for that reason harvest hands are difficult to obtain. He says: "We are roused out before daylight in the morning, to feed the stock, and then we are kept on the jump till noon—about eight hours—when we yaffle down a lunch as quickly as it can be stowed away, and immediately return to work. It is pitch dark before we quit the field, and then the horses have to be fed and other chores done. We are in big luck if we get to bed by 10 o'clock. A man spreads his blankets anywhere he can—in the barn or under a haystack, and if it is in a good place for mosquitoes he has a lively time. If they would only treat farm hands decently there wouldn't be so much trouble in getting help. It's a gay life, Mr. Reporter, this ranching for wages."

The Stock Boom.

The Record-Union thinks it looks as though we were well on the verge of an old-time excitement in mining stocks. There were indications of the boom early in the week at San Francisco, and the developments on Thursday and Friday fully confirmed these indications. The sales recorded Saturday were the largest in many months. Values are vaulting forward in a very enticing way. The brokers in San Francisco are doing the best business they have known for several years. During last week some stocks appreciated in price 300 per cent., while the quotations of several were doubled.

They Made Him Stick to the Bargain. Two little sportsmen named Fredricks and Campbell went out for a hunt yesterday, and, before they started, asked M. T. Coats what he would give a dozen for ducks. The landlord of the Tavern jokingly replied: "I'll give six dollars a dozen for all the ducks you little roosters get." They made him stick to the bargain, for they returned with two dozen birds; but where they bagged so many tame ducks is a puzzle.

Cattle on the Road.

Ten car-loads of beaver left Reno this morning for San Francisco, shipped by Hardin of Winnemucca. There were 180 head, all in fine condition. Beet cattle are getting scarcer every day. Dealers in Northern Nevada and Oregon say that it is very difficult to obtain even small hands. It is reported that Eastern Oregon, where cattle were plentiful a year ago, is almost stripped of beef.

Tramps and Bouts.

There is a host of roughs in Reno now, and they "make Rome howl" in the outskirts of town. How they live and keep drunk is best known to themselves. Some of them are noted beats who were sent away by the "brigade," not many months ago. They seem to have piloted hither a squad of cormorants whose presence here is not for any good purpose.

Farmers' Meeting.

The farmers in the valley around Glendale and as far south as Longley's are requested to meet at the Glendale school-house on Saturday at 1 o'clock P. M., to consider the question of removing the bar in the Truckee river. All are urged to be there.
